## Supplemental Figure 1

**Supplemental Figure 1: Effect of MCT1/MCT2 inhibitor AR-C155858 on proliferation of HMCLs.** ALMC-2 cells were incubated for 72 hrs in the presence of indicated concentrations of AR-C155858. DNA synthesis was measured after 4 days of culture. Results were normalized to growth observed in the absence of inhibitor. Error bars represent the standard error of the mean of three separate experiments.
